WE CARE

Included in the Senior Diagnostic Screening...

♥ Complete Blood Count

The CBC test for anemia, infection, inflammation and overall healthiness of the body's blood cells.

♥ Chemistry Panels

The chemistry panel surveys many organs of the body to be sure they are working normally

♥ Thyroid Test

This test is useful in diagnosing increased or decreased functions of the thyroid gland

♥ Urinalysis

This test assesses the health and function of the urinary system, helping to detect the early onset of kidney disease
